

MANALI SANGHAI

Boston, MA | ☎ +1 (857) 404-1256 | ✉ manalis@bu.edu | in [linkedin.com/in/manalisanghai](https://www.linkedin.com/in/manalisanghai)

Summary

Clinician-turned-quantitative analyst pivoting from dentistry into data-driven strategy. Combines epidemiologic rigor, healthcare operations experience and Lean-process improvement work to translate complex data into actionable, resource-conscious recommendations for healthcare and life sciences organizations.

Education

Boston University School of Public Health

Boston, MA

Master of Public Health (Epidemiology & Biostatistics, Program Management)

Anticipated May 2027

Coursework: Health Systems, Law & Policy; Health Program Mgmt; Lean Mgmt in Healthcare; Data to Dashboards

Bharati Vidyapeeth Dental College and Hospital

Pune, India

Bachelor of Dental Surgery (BDS)

December 2024

Graduated with a First Class with Subject Distinction

Technical Skills

Operations & PM: Lean Six Sigma (VSM, FMEA, SIPOC), Program Implementation, Healthcare Delivery, Cross-Functional Coordination, Agile/Scrum/Waterfall

Data & Statistics: R (tidyverse, ggplot2), SAS, SQL, Excel (PivotTables, Regression), Logistic Regression, Statistical Modeling

Research Methods: Systematic Review & Meta-Analysis (PRISMA, PICO), Survey Design, Program Evaluation, Biospecimen Mgmt

Systems: EPIC, Valant EHR, Microsoft Access, REDCap, Tableau, Research Data Pipelines

Professional Experience

StreetCred at Boston Medical Center

Jul 2026 – Present

Financial Navigator Intern

Boston, MA

- Deployed a benefits-navigation model (SNAP, WIC, PFML, 529 CSA) for BMC's Pediatric Clinic caseload, directly improving household financial stability and reducing downstream utilization of costlier emergency safety-net services.
- Standardized EPIC documentation across **240+** practicum hours, closing data-quality gaps that had limited leadership's ability to evaluate program performance.

Boston University School of Public Health

April 2026 – Present

Graduate Research Assistant

Boston, MA

- Own full operational governance of a **1,000+**-specimen biorepository for an NIH-funded multi-site study, sustaining **100%** protocol compliance with zero data-integrity incidents to date.
- Re-engineered lab-to-analysis data workflows, cutting manual prep time and shortening the pipeline from raw sample to analysis-ready dataset for the research team.

The Albert & Jessie Danielsen Institute, Boston University

Jan 2026 – Aug 2026

Graduate Office Assistant

Boston, MA

- Redesigned intake and scheduling workflows supporting **50+** weekly patient visits, eliminating recurring administrative bottlenecks and lifting clinic throughput.
- Built and maintained a structured reporting process across **200+** monthly visits (Access, Excel, Valant EHR), surfacing patient-access gaps that informed operational decisions.

Boston University School of Public Health

Sept 2026 – Present

Graduate Teaching Assistant, ICPH PH720 (Health Systems, Law & Policy)

Boston, MA

- Own end-to-end support for **20–25** students – grading, office hours, and course logistics – as primary point of contact, partnering directly with faculty on course delivery.

Boston University School of Public Health

Aug 2026 – Present

Graduate Core Course Tutor (TA)

Boston, MA

- Run weekly review sessions on statistical and epidemiologic methods for **10+** graduate students, directly improving course outcomes in partnership with faculty.

Bharati Vidyapeeth Dental College and Hospital

Jan 2024 – Dec 2024

Dental Intern

Pune, India

- Delivered clinical care to **1,000+** patients in a high-volume, multidisciplinary hospital while managing competing priorities under tight time and resource constraints.
- Designed and led a preventive-care outreach initiative reaching **500+** individuals, lifting patient engagement by **60%+**.

Research Experience

- Boston University School of Public Health | Graduate Research Project

Jun 2026 – Present

 - Leading a PRISMA-guided systematic review and meta-analysis (PICO framework) quantifying the association between food insecurity and glycemic control in adults with Type 2 diabetes.
- Cureus Journal of Medical Science / PubMed Central | Co-author

2024

 - Co-authored a peer-reviewed study identifying C-reactive protein as a prognostic biomarker for oral pre-malignant and malignant lesions (PMID: 38910781, DOI: 10.7759/cureus.60812).
- Bharati Vidyapeeth Dental College and Hospital | Laboratory Research

2024

 - Ran ELISA-based biomarker analysis on orthodontic treatment GCF samples to benchmark comparative treatment outcomes.

Selected Projects

- Lean Six Sigma, BCH Urology:** Redesigned a call-center workflow using VSM, takt time, SIPOC and FMEA – projected to raise answer rates from **43.2% to 80%** and cut abandonment from **17.1% to under 5%**.
- Quantitative Epidemiology (CDC YRBS):** Built a logistic regression model in R quantifying links between bullying, social determinants and youth suicide risk, pinpointing subgroups for targeted intervention and resource prioritization.
- Oral Health Survey (Primary Investigator):** Designed and validated a survey instrument end-to-end, translating demographic patterns into a prioritized outreach strategy that closed key knowledge gaps.

Leadership

- SPH Governing Council, Boston University – Student Representative

Jan 2026 – Present

Elected to represent **1,200+** School of Public Health students on the school’s senior governance body, directly shaping academic policy and resource-allocation decisions.
- President, International Students Organization

Boston, MA

Lead a **10-member** board driving policy and programming advocacy for the international student population.
- International Student Representative, BU Student Senate

Represent international student interests within the university’s broader student governance body.

Awards & Certifications

- Awards:** 1st Runner-Up, Poster Presentation, ISP West Zone Perio UG Convention (2024); 2nd Runner-Up, Poster Presentation, National Dental Science Update (2024)
- Certifications:** Lean Six Sigma Green Belt, BUSPH (2026); Google Project Management (in progress); CITI Biomedical Research (2026–2029); BUMC HIPAA & Research Data Security (2026); AHA Basic Life Support (2024); Lab Safety, Biosafety, Chemical & Bloodborne Pathogens Certifications, SciShield (2026–2027)
